System Requirements:

How to Play: This is a long fight that will take 2-3 hours, depending on how long it takes to read this. If you have trouble following, watch the video on the official D&D Twitch channel or read the description. How to Play is simple: You play a new DM, on your own table. At the start of your campaign, you send a character off into the Mists. You play as that character, leveling, adventuring, and making it to level 20, whereupon you end the game and report back
