■ Story The grand War Dragon had gathered all of the gods and humans and made a race of giants called the Ilah on the surface of the mortal world. The "Yōsei Bakufu" of the Ilah race is established, and the "Elden Ring", a world-wide power that is a unified body of power that the gods set up to capture the power of the Seven Divine Spirits, is established. In addition to investigating the bones of the gods who fell in the other side of the mortal world, the Elden Ring fights the Ilah. "The God's Brotherhood", which is a hierarchy above the Elden Ring, is established. At that time, a person named "Tarnished Ramune" entered the game. In the game, after gaining power through defeating the Ilah, he makes his way forward as the head of the God's Brotherhood and achieves his goal. ■ Single Player Campaign The game features the story mode called "History", which is the single player campaign. Through trial and error, you will determine your own story, and with your own path you will acquire the same name as the character you play as. ■ Multiplayer In addition to the story mode, the game offers 4 online multiplayer modes. In the multiplayer modes, you can fight other players, and you can connect to strangers and play together through a private message. The "One-on-One Battle", the "Team Battle", and the "Raid Battle" are the three multiplayer modes that can be played online. In the "One-on-One Battle", the player with the highest level character is ranked. The player with the highest rank wins, and the higher the rank, the greater the advantage. The "Team Battle" can be played with a team of two. The higher the rank of the player that is in the center of the team, the greater the advantage.
