Play IE7 screen captures, thumbnail previews, and YouTube videos in your new tab or a new window. The goal of EnjoyIE is to provide you with an ultra-fast web browser. This is achieved by building on top of the latest version of IE7 and using only the minimal system resources. EnjoyIE is compatible with the newest version of Internet Explorer as well as Internet Explorer 4 and Internet Explorer 5. EnjoyIE provides the following features as the new tab and new window browser: * Screen capture: You can easily screen capture any webpage as an image or as a picture file. * Screen capture as a thumbnail: All the page previews are scaled down to be as small as 30% or 50% of the real size. In addition to thumbnail view, you can also click on the thumbnail to see the webpage in its original size or view the webpage in a new window. * Webpage preview: With the new tab and new window feature, you can preview the link without clicking the link. You can also preview a link, if it takes you to a page with the same or different URL but a different download/view format. (For example, if a page has a "right-click and Save Image" option, but a thumbnail is not available, you can still preview the page without downloading the image) * YouTube: You can watch videos embedded in a webpage or in the address bar. EnjoyIE has the following highlights: * Fast: EnjoyIE has been the fastest web browser among all new tab and new window browsers. Its speed is attributed to using only the minimal system resources. You can watch a URL, just press Enter. * Simple: EnjoyIE is easy to use. It takes only about 5 minutes to learn and use the entire browser. It does not require complex mouse operation. You just need to click and drag a link or an image to preview it. As long as you know where the "Exit" icon is, you will be able to "Exit" the browser. * Clean: EnjoyIE is clean and simple. It does not have intrusive advertising, spyware or any other garbage. EnjoyIE uses RSS feeds for News and Email. You will not be bothered by daily or hourly pop up ads. * Easy: EnjoyIE is easy to customize. You can customize it to look like the native versions of the IE browser on your system. EnjoyIE's built-in skins include the following: IE7, IE7 Explorer Classic, IE7 XP Tablet
